Proposal for Interior Designer Portfolio Website

This proposal outlines the scope, features, and terms for the design and development of an interior designer's portfolio website. The website will be image-centric, reflecting the client's architectural, interior, and object design expertise in a sophisticated manner.

Scope of Work & Features

About Me	Professional introduction, biography, and high-quality imagery.
Architecture	Dedicated portfolio section with galleries showcasing architectural projects.
Interior	Interior design showcase with project-based categorization and galleries.
Objects	Interactive section with product displays, advanced functionalities, and detailed visuals.
Exhibitions	Highlights of exhibitions with imagery, press mentions, and event details.
Other Features	Responsive design, optimized performance, hosting setup, testing, and deployment.

Payment Terms & Conditions

1. The total cost for the project is fixed at ■30,000 (Thirty Thousand INR).
2. A pre-payment of 40% (■12,000) is required to initiate the project.
3. The remaining 60% (■18,000) is payable upon successful delivery and client approval.
4. Payments should be made via bank transfer or UPI as per mutually agreed details.
5. Any additional features or scope changes beyond this proposal will be discussed and quoted separately.

General Terms & Conditions

1. The website will be delivered within 4–6 weeks from the date of project commencement, subject to timely receipt of content and approvals from the client.
2. The developer will ensure the website is responsive, functional, and tested across major devices and browsers.
3. The client is responsible for providing all text content, images, and media required for the website.
4. Two rounds of revisions are included; additional revisions may incur extra charges.
5. The project includes deployment and handover. Maintenance or future enhancements can be offered under a separate contract.

This proposal ensures a sophisticated, feature-rich, and visually striking portfolio website, reflecting the client's creative vision while maintaining a user-friendly digital presence.
